

# Sigma DS4K Instant Issuance System

## HIGHLIGHTS

### The next generation of self-service experience for your kiosk

Entrust Sigma Financial Card Printers are specifically designed for today's cloud environments and give you the ability to easily issue the most secure financial cards in the world.

- **Simple:** From unboxing to issuing cards to managing your printer, we made sure Sigma was the most user-friendly card issuance solution in the world
- **Secure:** Our industry-leading issuance security architecture will keep your cards and your customers' data safe and secure each step of the issuance process
- **Smart:** Forward-thinking technology and scalability allow you to expand your card issuance program as your needs evolve

## KEY FEATURES & BENEFITS

### The world's most user-friendly financial card printer for kiosk

- Intuitive printer dashboard lets you see printer status, order supplies, check cleaning status, update firmware, or contact help - all from your mobile device
- Seamless self-service lets you access how-to videos and other helpful resources by simply scanning a QR code on the LCD display
- Pre-loaded ribbon cassettes make switching ribbons easy
- Optional multi-hopper enables multiple card designs from a single printer
- Removable card cassettes make securing cardstock overnight a breeze
- Auto power-on feature powers up the system when it sees power to the kiosk
- Add card retraction feature when user fails to grab card from kiosk
- Rear pick, ability to accept cards from the user to add personalization

# Sigma DS4K Instant Issuance System

## Unmatched security

- Dual-control access with security locks protects cardstock, supplies, and rejected cards, meeting Visa and Mastercard security requirements
- Cardstock is easily removable for secure overnight storage
- Secure boot protects system from malware or virus on boot-up
- Trusted Platform Module (TPM) manages the printer's own TLS/SSL certificates and keys
- Connection and data sent between Entrust Adaptive Issuance™ software and printer is encrypted
- Customer data is encrypted and is not stored in the printer after printing is complete

## Flexible, scalable, and easily integrated into your IT environment

- Issuance capabilities include:
  - Full-color or monochrome direct to-card printing
  - Magnetic stripe encoding
  - Contact or contactless smart card encoding
- Choose on-premises or cloud-hosted deployment
- Easily expand your issuance program as your needs change:
  - Add multi-hopper for multiple pre-designed card feeding
  - Add embosser unit with metallic tipping foil to produce elegant-looking cards
- A full suite of services is available to help ensure your instant issuance program runs smoothly at every one of your branches
